

TAMPING FEET

Tamping Feet

The CTP replacement tamping feet for the 815/825/835 series compactors provides greater pressure, more compaction, smooth ride, and excellent traction. Rugged construction delivers superior performance and reliability in the toughest conditions for high soil compaction and productivity.

| Picture | Part No. | Application | Machine Model | Base | Bolts | Nuts | Washer |
|---------|----------|-------------|---------------|--------|------------|------------|------------|
